SUMMARY

Software Developer with hands-on experience building desktop and web applications, AI based using C#, Java, SQL, HTML, CSS, and JavaScript. Skilled in translating requirements into functional code and delivering reliable, maintainable software solutions. Comfortable working across the full development cycle, from design to deployment.

SKILLS & PROFICIENCIES

- **Web Technology** : HTML, CSS, JavaScript, Bootstrap
- **Programming Languages** : Java, C# .Net, ASP.NET Core MVC, Python, C++, SQL.
- **Softskills** : Problem-Solving, Adaptability, Creativity, Critical Thinking, Collaboration & Teamwork
- **Tools & Technologies** : MYSQL, SSMS, MongoDB, AI, Wordpress, MS-office, Canva, GitHub, AWS
- **Languages** : English, Hindi, Marathi, Kannada, Telugu
- **Achievements** : Won 5× awards in National & District-level Coding and Web Design Competitions. Honored with Best Intern Award 2024 at Lemonade Software Developers for exceptional contributions.

WORK EXPERIENCE

Software Developer Intern, Lemonade Software Developers Jan 2024 - Jul 2024

- Contributed to real-world projects like WorkWatch, impacting over 20+ users, with hands-on experience in full-cycle development using C# and ASP.NET.
- Collaborated with cross-functional teams to develop 5+ user-focused modules, enhancing software efficiency by 30% and aligning features with specific client requirements.

PROJECTS

SwapnaPath

- Developed SwapnaPath, a career guidance web application which recommends students to identify suitable career paths after 10th and 12th.
- Integrated Gemini AI API to analyze responses from question assessment and recommend top 3–5 personalized career options. **TechStack: ASP.Net core MVC, SQL Server , Gemini AI API**

WorkWatch

- Developed WorkWatch, a project monitoring system implemented in a real-world company setup to streamline processes and increase work efficiency.
- Enabled 20+ users to manage daily tasks, view calendar-based events, and track project progress with admin approval and salary calculation features. **Tech Stack: C# WinForms, SQL**

ClassMate

- Developed real-time project, ClassMate a Coaching Institute management system for Prarambha Coaching Institute, Solapur to streamline operations.
- Automated student allocation, fee management, and batch scheduling, benefiting 50+ students and tutors with efficient record handling. **TechStack : Java Servlet, JSP, MySql, JavaScript**

EDUCATION

Bachelor of Computer Applications | Percentage : 83.51% | CGPA : 9.5 / 10 2022 - 2025
Punyashlok Ahilyadevi Holkar Solapur University, Solapur
