SUMMARY

Enthusiastic Cloud Engineer with a strong understanding and hands on experience of AWS cloud architecture and deployments, basic exposure to GCP, and proficiency in Python and Linux scripting, backed by a solid programming foundation and a strong interest in cloud and automation technologies.

SKILLS & PROFICIENCIES

- **Programming:** Python, Java, JavaScript, C#, C
 - **Cloud:** AWS-IAM, EC2, ELB, S3, Lambda, DynamoDB, RDS, VPC, Elastic IP, CloudWatch, API GateWay, CloudFormation, Route53, CloudFront, SNS, SQS, ECS, GCP(basic)
 - **Scripting Language :** Python scripts, linux Scripts
 - **Soft Skills:** Problem-Solving, Adaptive, Communication, Quick Learner
 - **Language :** English, Hindi, Marathi, Kannada, Telugu
-

WORK EXPERIENCE

Software Developer Intern , Lemonade Software Developers Dec 2023 - Jul 2024

- Contributed to real-world projects like WorkWatch, impacting over 20+ users, with hands-on experience in full-cycle development using C# and ASP.NET.
 - Collaborated with cross-functional teams to develop 5+ user-focused modules, enhancing software efficiency by 30% and aligning features with specific client requirements.
-

PROJECTS

Mini Drive – Cloud-Based File Storage System

[view](#)

- Built a serverless cloud-based Mini Drive application using Amazon S3 for file storage, AWS Lambda and API Gateway for backend processing, and DynamoDB for metadata management. Implemented secure authentication with Amazon Cognito, access control using IAM roles, and email notifications via Amazon SES.

AI Tool Directory - Serverless Web Application

[view](#)

- Developed an AI Tool Directory web application to list, categorize, and search AI tools for easy discovery. Built using HTML, CSS, JavaScript, with backend data management and API integration to ensure scalable content organization and a smooth user experience.
- Services used : S3, DynamoDB, Lambda, API Gateway, IAM Role

Static Website Deployment using Amazon S3

[view](#)

- Hosted a static website using Amazon S3 by configuring bucket policies and permissions for public access. Focused on basic website deployment, file management, and understanding static hosting concepts on the cloud.
-

EDUCATION

Masters of Computer Applications

Exp Grad: 2027

Savitribai Phule Pune University

Bachelor of Computer Applications | Percentage : 83.51% | CGPA : 9.5 / 10

2022 - 2025

Punyashlok Ahilyadevi Holkar Solapur University, Solapur
